SIR,

With reference to your letter No. 10 of the 22d instant, I have the honour by order to inform you that 2d Class Hospital Assistant P. Francis Raju No. 1075, attached to your Party is recommended by the Assistant Physician General Hospital for one month's leave to Pallaveram, as that officer does not consider that further treatment in hospital is necessary.

2. As this Medical Subordinate has not served long enough in the Civil Department to entitle him to two months privilege leave, the privilege leave for one month granted him already should now be commuted into sick leave and extended to two months. This Department is guided by the Civil Leave

Leave Rules and there is no provision in them for treating this man's case as a special one.

3. With regard to the concluding portion of your letter under reply I am desired to state that all our Reserve Staff has been employed on cholera duty and no Hospital assistant is just now available to be sent for duty with your party, but endeavours will be made to post one at the first opportunity.

Sir,

With reference to your letter No 66 of the 30th Ultimo, I have the honor to state that, the Director's sanction not having been obtained for giving effect to the transfer of the classifiers therein alluded to from 1st March last as suggested in my letter No $\frac{123}{31}$ of 6th Ultimo, their pay will have to be regulated by under the rules according to the dates of their delivering over and taking

charge in their respective parties.

2. The dates on which classifier Chengi Narayana Row and Dorasami aier, transferred from your party, took charge in this are not yet known. I have called for the information and shall communicate the same to you as soon as received together with the date on which the classifier Dorasami aier delivered over charge in your party.

3. The other classifier Hussain Sheriff Sahib of your party has not yet joined my office. The Zillah Surgeon of Madura has sent me a certificate* stating that the above individual has been admitted into the hospital as outdoor patient from the 5th March last. I request

therefore that his pay for the above month may be drawn in your party.

4. As regards the classifiers Kristnasami aier and Koneru Row of my party, I beg to state that the latter has not yet left this party and will do so on being relieved by classifier Hussain Sheriff Sahib. His pay will therefore be drawn in this party. The date on which classifier Kristnasami aier delivered over charge has not yet been reported to me. THE following instructions for the preparation of the Annual Returns of Establishments, &c. should be carefully attended to. Special attention is drawn to Clause (*g*) :—

Annual Returns.

At the time of preparation of the pay bill for March in each year, a detailed statement in duplicate, of the permanent establishment existing on 1st April, will be prepared in the annexed form and transmitted to the Accountant-General direct *not later than* 15*th April.* The return will show accurately the establishment as it exists on 1st April, and in preparing it, the following instructions should be carefully observed, the specimen annexed being referred to for guidance :—

(*a*) The name, designation, and pay of every gazetted officer, clerk, or menial servant holding a permanent appointment, whether on duty or absent on leave, or deputation, or under suspension, should be distinctly shown.

1. But this rule does not apply to members of the District Police Force whose pay does not exceed Rupees 20 per mensem ; they should be shown in the annual statement in detail of grades only, special provision for the verification of their services being made in Section 153 of the Civil Pension Code.

2. The names of menial servants attached to Survey Parties, whose service is not longer than two years, may be omitted from the annual statement ; but when the name of any such servant is for the first time introduced, the original date from which his service has been continuous should be mentioned.

(*b*) The date of birth, of appointment to present post, and of promotion to present pay of each person, as well as the number and date of the Government orders creating the post, should be clearly entered in the appropriate columns of the statement ; the date of birth by Christian era should be given, and if the exact date is not known, the approximate date or year should be stated.

(*c*) The return should show accurately the sanctioned scale of permanent establishment, and so will include every post, whether filled up or not ; and if a post be vacant, the word *vacant* should be set against it in the column of "*Name of Incumbent.*"

(*d*) The names of gazetted officers should be entered first, and beneath them those of the clerks and servants in order of sections of the establishment; there should be a separate total for each section.

(*e*) The columns of *Minimum* and *Maximum* pay of post should be filled up only when the pay is progressive, *i.e.*, rises from a minimum to a maximum by annual increments; and if any annual increment is given with effect from 1st April, it should be included in the return, and supported by the certificate (in Form No. 6) required by Rule 8. A certificate need not in this case be sent with the April bill.

(*f*) The name of any person acting in an appointment, as well as the acting allowance paid to him, should be shown in the column "*Name of Incumbent*," beneath the name of the absentee for whom he is officiating.

(*g*) If the acting incumbent holds his permanent appointment upon another establishment, the fact should be stated, and the entry should be supported by a certificate from the head of that other establishment.

(*h*) If any person on the establishment has attained the age of 55 years, the number and date of the Orders of Government permitting his retention in the service should be quoted in a note at foot of the statement, and the period for which his retention has been authorized should also be mentioned. If no orders have been received, the number and date of the application for sanction to his retention should be noted.

(*i*) A detailed statement in Form 3-A should be given at foot of the original return, Form 3, showing new names of non-gazetted officers which are not found in the return of the previous year; and when these new names include those of persons who have entered Government service for the first time, a reference should be given to the bill with which their age and health certificates were furnished; and if they include the names of persons transferred from other Government appointments, those appointments should be specified, as well as the dates from which the transfers have effect. Columns are also provided in Form 3-A, for information required in regard to the names of non-gazetted officers which appeared in Form No. 3 of the previous year, but are now omitted; as also regarding non-gazetted officers who have been on leave other than privilege or casual, or

72

under suspension, during the previous year. In the case of any who have been under suspension, a note is required stating whether it has been expressly declared that the period of suspension shall count as service qualifying for pension (Civil Pension Code, Section 99-1).

(*j*) A separate detailed statement should be prepared for each permanent establishment existing on 1st April, whether paid from general revenues or from Local Funds, and not more than one establishment should be exhibited on a single page. When the pay of any establishment or of any individual officer is met partly from general revenues and partly from local or other funds, the whole pay should be shown in one statement, and the portion payable from each source specified in a foot-note.

2. When completed in accordance with the above instructions, the detailed statement should be carefully checked with the service books, as it will be the chief authority by which hereafter pension claims will be tested.

3. This return should be accompanied, first, by an abstract, which will link together the gross numbers shown in the Budget Estimate of each establishment and the nominal rolls in the book of establishment; and secondly, by a nominal roll in triplicate, of European and East Indian employés who do not belong to a covenanted service, with the names and salaries of their appointments, and period of residence of each in India while in the service of Government, distinguishing Europeans from East Indians. The names of Europeans being entered in red ink those of East Indians in black.

4. Each Inspector of Schools will submit, under his countersignature, a return for each Government School in his Division in place of as hitherto the single return for all Government Schools under his inspection.

4. Every increase and decrease of Stock during the year should be entered in the accompanying Statement of Stock which should be sent to this office along with the Returns above referred to. *Vide* Rule 4, Chapter 10, of the Civil Account Code. If there was no increase or decrease during the year, the statement should be marked "Nil," signed and sent to this office.

At foot of the return should be detailed all items of Establishment sanctioned, but not yet filled up.

A Personal Allowance should be entered on a separate line immediately below the pay of the officer who receives it, the Government Orders sanctioning it being quoted in the first column.

The rule about entry of Government Orders may be stated generally: thus the General Order is to be entered once only, any other order will be entered against the entry which it supports.

SUBSIDIARY INSTRUCTIONS.

As some Returns received during previous years were incorrectly prepared, the following subsidiary instructions are given in order that the Returns may be submitted without mistakes:—

1. Pay should be shown against the names of permanent incumbents and not against those of acting men.
2. Pay of non-progressive appointments should not be shown in columns headed "Minimum," and "Maximum," but only in the last column "Pay of present Incumbent." *Vide* Rule 3 (*e*), Chapter 4 of the Civil Account Code.
3. Slips of paper should not be attached at foot of the Returns but, if space is found insufficient, application should be at once made to this office for a sufficient number of additional sheets for insertion in book form.
4. The Returns should be neatly copied and the total of each section, as well as the grand total, should be entered.
5. The names of Native Christians should not be shown in the List of Uncovenanted Civil Servants (Rule 3) which is intended only for Europeans and East Indians.

The establishments shown below should not be included in the Returns:—

I. Temporary Establishments.

II. Dispensary Establishments except Government Medical Subordinates wholly maintained by Municipalities and other Private Funds.

III. Observatory Establishments.

IV. Establishments for stamping weights and measures.

V. Copyist Establishments of Courts except Superintendents, Assistant Superintendents, Examiners and Readers, whose names must be inserted with all particulars as in the case of Regular Office Establishments.

I have the honor to state that the ryots of Ayttampatti village in Tiru-maungalam Taluk complain that the two old wells south of Puthucolam tank in field Nos 19 & 187 and which are used by the public have been included by the Survey Department in the respective fields. The owners of the two fields admit that the wells are public property and are not their own, and they raise no objection to giving them separate numbers. I therefore suggest that in the remark column of the Land Register the wells may, if possible, be caused to be declared as common village property and subject to be used by the village as a whole without reference to particular individuals.

If the wells are public property how can they have owners?

Sir,

It having been brought to my notice that much inconvenience is felt in the Taluk of Periyakulam in the due conduct of business, by the Curnams' time being entirely taken up in their attending on the Classifiers in connection with Settlement business, I have the honor to state that I have issued orders to the Tahsildar that in cases where there are more Curnams than one in a village, one of them should attend to the classification work and the rest to their ordinary duties and special duties in connection with Jamabandy, which is to be commenced in January next and in other cases to make the Karnams to attend to their legitimate duties 3 days in a week, their services for the rest of the days being placed under the disposal of your Subordinates.

2. Similar arrangement was adopted in the previous years and the work of both the departments went on without any difficulty, and I request

that

that you will be good enough to issue necessary orders to your Subordinates.
